Riso-Hudson Part I Training

The Part I Training

Part I is an in-depth presentation of the Enneagram as a psycho-spiritual system. The Part I features complete descriptions of the types as well as specifics for identifying them. The Training combines grounded, intellectual understanding with a variety of experiential approaches that give you a clear feel for the inner world of each type. Further, the training employs the comprehensive framework of the Levels of Development to add depth and richness to our discussions. The Levels are essential because they account for differences between individuals of the same type, discriminate between similar types, and help clarify the many irregularities and subtleties of each type—thus making wide-ranging practical applications and personal growth possible.

The Part-1 Training is powerful, comprehensive, and often life changing. For each personality type, topics covered include: • Experiential Exercises & Guided Meditations • Interactive Type Panels & Music • Early Developmental Issues • Paths of Integration & Disintegration, Stress & Security • The Higher Essential Qualities of Each Type • The Passions & Virtues • Hornevian & Harmonic Groups

The Training is open to anyone who wishes to deepen their understanding of themselves and the many manifestations of human nature accounted for by the Enneagram. In order to get the full value of this program, we recommend that you read the *Wisdom of the Enneagram* or any other book by Don Riso and Russ Hudson before attending the training.

The Part-1 Training is required for the Riso-Hudson Enneagram Certification. If you are planning to certify as a professional R-H Enneagram Trainer, this training is an opportunity to complete one of its requirements!

If you attend you'll receive a *400-page Manual* of new, unpublished materials that will enable you to present your own Enneagram Workshops and make other applications.
